Subject: RE: Date of declassification

I'll see if Chemical-Biological Defense Programs or Defense Health Agency has any information on exact declassification dates. I do know though that all tests of this nature had been declassified by 1975 but I have no specifics other than that.

With regards to the request from earlier in the week on Mr. Edwards, I will be sending that to you today. I am hoping to combine this with the protocol you requested which had to go back for edits yesterday.

Subject: [Non-DoD Source] Date of declassification

Good morning,

Could you help us find the exact date of declassification of the mustard gas experiments? To my knowledge, it was sometime in the 1970s but I do not have an exact date.

Thanks for your help,

Hannah
