The Honorable Eric K. Fanning
Secretary of the Army
Department of Defense
101 Army Pentagon
Washington, DC 20318-9999

Dear Mr. Secretary:

I write regarding the qualifications and present responsibility of the contractor Glocoms Inc. (Glocoms) and its history of poor contract performance for both the U.S. and foreign governments.¹ Glocoms, which holds several Army contracts, was debarred by the World Bank after misstating its qualifications during numerous contract bids in several countries.² Glocoms also had several performance deficiencies on a contract with the Mongolian government.³ The debarment, which extends to March 2018, includes Glocom's chief executive officer, Maurence Anguh.⁴

According to the Federal Procurement Data System, Glocoms has received over \$4 million in payments on Army contracts during the past five years. These contracts appear to include paramedics, janitorial services, lawn mowing and surgical technicians.⁵ Although the Federal Acquisition Regulation does not require that contracting officers prepare performance evaluations for contracts under the simplified acquisition threshold, there should still be a determination of a contractor's present responsibility when it is being considered for contract

award.⁶ A simple Google search on “Glocoms” would have revealed a negative contracting history for the company.

To better understand Glocoms’ contracting history with the Army, I request that you provide the following information:

- (1) For all contracts awarded since April 2, 2010, documentation sufficient to show any performance information on Glocoms contained in the contract file, regardless of contract value;
- (2) For all contracts awarded since April 2, 2010, documentation sufficient to show whether any performance information on Glocoms has been entered in any performance database regardless of contract value; and,
- (3) For all contracts awarded to Glocoms since April 2, 2010, the contracting officer’s responsibility determination and any requests for a Certificate of Competency from the Small Business Administration.

Thank you for your assistance with this matter. I request that the Army respond to this request on or before **October 24, 2016**. Please contact Sarah Garcia with my Subcommittee staff at (202) 224-5602 with any questions. Please send any official correspondence relating to this request to Kelsey_Stroud@hsgac.senate.gov.
